Revolts destructive of machinery 1800-1815 #15 disclosure in his paper book p. 1838

Machinery & Mod. Ind., *See The Dev of Machinery*

p. 366--how instruments of labor converted from tools into machines--economists' explanations worthless because "HIS ELEMENT IS WANTING."

cf p. 427 (B)

p. 367, *from p. 370 Machine, starting part 11th ed, 1891, 1892, 1893* ftm: tech. discloses man's mode of dealing with nature--
but "THE WEAK POINTS IN THE ABSTRACT MATERIALISM OF NATURAL SCIENCE, A MAT. THAT EXCLUDES HIS & HIS PROCESS, .."

p. 3754 OBJ.ITY of div. of labor under machinery--"but in this case also THEORY must be perfected by the ACCUMULATED EXPERIENCE on a large scale."

p. 376 A SYSTEM of machinery--huge automaton
p. 377 --motion communicated by transmitting mechanism--automaton MECHANIC MONSTER

p. 378 Transcendence of handicraft & mfg.
p. 382: objective here means "laborer becomes mere appendage to an already existing material conditions of prod." HENCE

Sec 3 Valuation

COOP. CHARACTER OF L.P. IS IN THE LATTER CASE A TECHNICAL NECESSITY DICTATED BY THE INSTRUMENTS OF LABOR ITSELF. cf. p. 422--instruments of labor employ wkman

p. 383 "Machinery creates no new value--but it is loaded with value and yied up its own value"

Sec 3 Penalties

p. 387: ftm: Descartes in defining animals as mere machines saw with eyes of mfg. per. while to eyes of the middle ages, animals were assistants to man... That Descartes, like Bacon, anticipated alteration in the form of prod. & the practical subjugation of Nature by Man AS A RESULT OF THE ALTERED METHOD OF THOUGHT is plain from his Discours de la Methode.

Eff. prod. machinery in 18th c. 1791

p. 423: barrack disciplines which is elaborated into a complete system in the factory--p. 424 Factory code like pvt. legislator "The place of the slave driver's lash is taken by the overlooker's book of penalties."

Sec 4 The Factory

p. 427: Strife bet. wks & mch. 17th c. nearly all of Europe experience revolts of wkpeople against ribbon-loom

Sec 5 Strike by wks & mch.

p. 429: Enormous destruction of machinery 1800-1815, Luddite movement

Sec 7

p. 430: subversion of agric....
p. 431: subversion ... whose system of cap. prod. based on wkman selling his lp as commodity

DEV. OF "FULL ANTAGONISM" begins dev. on p. 432 "The instrument of labor strikes down laborer."

p. 436 "It would be possible to write quite a his. of the invention made since 1830 for the sole purposes /// as weapons against revolts of wkclass *****"

p. 442: "The contradictions & antagonisms inseparable from the cap. employmentd. clear as Monday that all these contradictions are mere semblance....."

Repulsion & Attraction of workpeople by factory system.
Mod. ind. spur to colonization & int. div. of labor
p. 454 "and converts one part of the globe into a chiefly agric. field of prod."

p. 492: Tech. also discovered the few main fundamental forms of motion which, despite the diversity of the instruments used, are necessarily taken by every productive action of the human body

p. 493: But iff Mod. ind. by its very nature--ABSOLUTE CONTRADICTION BET. technical necessities of Mod. & social character inherent in its cap. form, dispels all fixity & security in situation of laborer... HOW THIS ANTAGONISM VENTS ITS RAGE IN THE CREATION OF THAT MONSTROSITY, AN INDUSTRIAL RESERVE ARMY /// p. 494 "under penalty of death /// BUT THE HIS. DEV. OF THE ANTAGONISMS

in a given form of prod., IS THE ONLY WAY IN WHICH THAT FORM OF PROD. CAN BE dissolved & "new form est'd."

* p. 513: Thus the desire for social changes & the class antagonisms are brought TO THE SAME LEVEL IN THE COUNTRY as in the towns!!!

HIS MOTIVE POWER OF SOCIETY

Hegel mentioned on p. 599

p. 603 "except as personified capital..."

dev. of every indiv. forms the ruling principle." as against prod. for prod's sake.
