

Based on [unclear] Report

(Mao) Liu Shao-ch'i, Chu Teh & Chou En-lai were all involved in fight for survival for no less than 22 years--from destruction by Chiang Kai Shek of 1925-27--Rev. till Communist conquest of power. NONE wrote a word of theory until after they had been fighting for some time. 1st "Education Campaign" is of themselves, and it begins in Yenan in 1937. With Mao's philosophical essays--On Contradiction, On Practice" but it is to Military Academy where he definitely has established himself. Preceded however by 2 periods where MAO showed differences--HUNAN-1927--Kiangsi
