~~part~~ half paragraph. The reason it is important is that we can
point to it. When the particular historic barrier has been
transcended and when new buds have sprung from below
But not limited in time and space. The fact that I can
show it as a trail to the 1980s

Retgression was to P -- we need a word as meaning-
full for us. Do we have to wait for such a force on American
scene and would it run for us.

I would want to consider the current scene 1953-57 but
what was discovered anew in trail from Marx.
continuity and discontinuity -- some people want to make it
Marx throwing out earlier work.

Man/woman--Marx was not a feminist
We have got to go to philosophy all over again.

2 3 things of the new

1. When you don't catch concretely each new in change of
objective situation, in otherward if you have skipped
state-capitalism--there is no way to transcend it. You
can't transcend after you catch it. Because even if you

you can get to revolution without philosophy. It meant there had to be a break.

3 moments in Marx

43-47

50 --when revolutions failed

57-58--return to Hegel, but this time not

just essence vs. appearance, but what did negation of the negation mean for your age, or what did your age discover, like EN and Mathematical Notebooks, that you leave as marginal notes

Ourselves-

before and after M&F

before and after P&R

before and after RLWKKM

and what is reaching for the future?

The question of the new book.

You have to begin where you will end, but the end has to show that the beginning lead to it, which would be economic situation. Maybe we would start on nuclear threat

Classes all the unaccounted for in the classes which shows philosophy is still missing

1st class inadequacy in vicissitudes of state-capitalism

and the philosophic of P&Ls is completely left out

2nd class Black consciousness--why does it start in '75,

and what why is 40s missing add the various conferences such as Black?red
