MAY 1977 - DEC. 1977 VOLUME II (Nos. 1 - 5)

THE CANADIAN INFORMATION SHARING SERVICE is developing a network of information exchange among Canadians working for social change in situations of inequity which reveal dehumanizing aspects of our society. People and working groups in various regions are encouraged to participate in this process by gathering and summarizing materials related to issues from their own areas. These materials are then collated in a regular publication by a volunteer collective. This method provides for regional input representing current concerns, trends and developments across Canada. French language documentation will generally be abstracted in French.

THE FOLLOWING CRITERIA GOVERN CONTENT:

- 1) Alternative materials in any media form available for limited distribution but not widely circulated
- 2) Materials should relate to Canadian issues. They may be at any level, local, provincial, national, international.
- 3) Materials should relate to transforming social processes or structures and contain elements of research, critical analysis, position statements, strategies or reflection on action.
- 4) In cases where groups are working within the above context, but do not produce documentation in any form, we will accept, for direct inclusion, descriptions or reflections on their work.

CISS IS NOT A DOCUMENTATION CENTRE. MATERIALS SHOULD BE ORDERED DIRECTLY FROM THE PRODUCER.

LE SERVICE CANADIAN D'ECHANGE D'INFORMATION est en train de développer un réseau de communication qui aura pour but le partage d'information parmi les canadiens et québécois qui sont engagés à transformer les conditions d'injustice et de déshumanization présentes dans notre société. Les gens et les groupes de travail de diverses régions sont encouragés à participer, en collectant et en résumant des documents qui font état des problèmes sociaux, ainsi que des projets d'action dans leurs régions respectives. Ces résumés sont ensuite préparés afin d'être publiés dans une revue bi-mensuelle par un groupe (collectif) de bénévoles. Cette méthode préconise la diffusion d'information qui est représentative des préoccupations actuelles, des tendances, et des développements à travers le Canada. Règle générale, les documents anglais sont résumés en anglais; ceux en langue française sont résumés en français.

Les critères de sélection du contenu sont les suivants:

- 1) Le document (provenant de média variés) ne devrait pas avoir déjà reçu une circulation vaste, et devrait être disponible pour distribution sur un plan modeste.
- 2) Le document devrait se rapporter aux questions sociales du Canada ou du Québec, soit au niveau local, provincial, national ou international.
- 3) Le document devrait faire état des tentatives de changement social soit par des processus nouveaux, soit par des structures nouvelles.
- 4) Le document devrait être constitué d'éléments tel que rapports de recherches, analyses, prise de position, stratégies, ou réflexions sur le problème ou projet en question.

COMME LE SERVICE CANADIEN D'ECHANGE D'INFORMATION N'EST PAS UN CENTRE DE DOCUMENTATION, LES DOCUMENTS DEVRAIENT ETRE COMMANDES A LA SOURCE, AUPRES DE CEUX QUI LES ONT PRODUITS.
