

Concerts In Ward 7

The following is a partial list of the concerts being presented for Ward Seven this summer by the City of Toronto Department of Parks and Recreation. Further lists will be published in SEVEN NEWS as they are announced.

ALLAN GARDENS - Tuesday at 8:00 p.m.

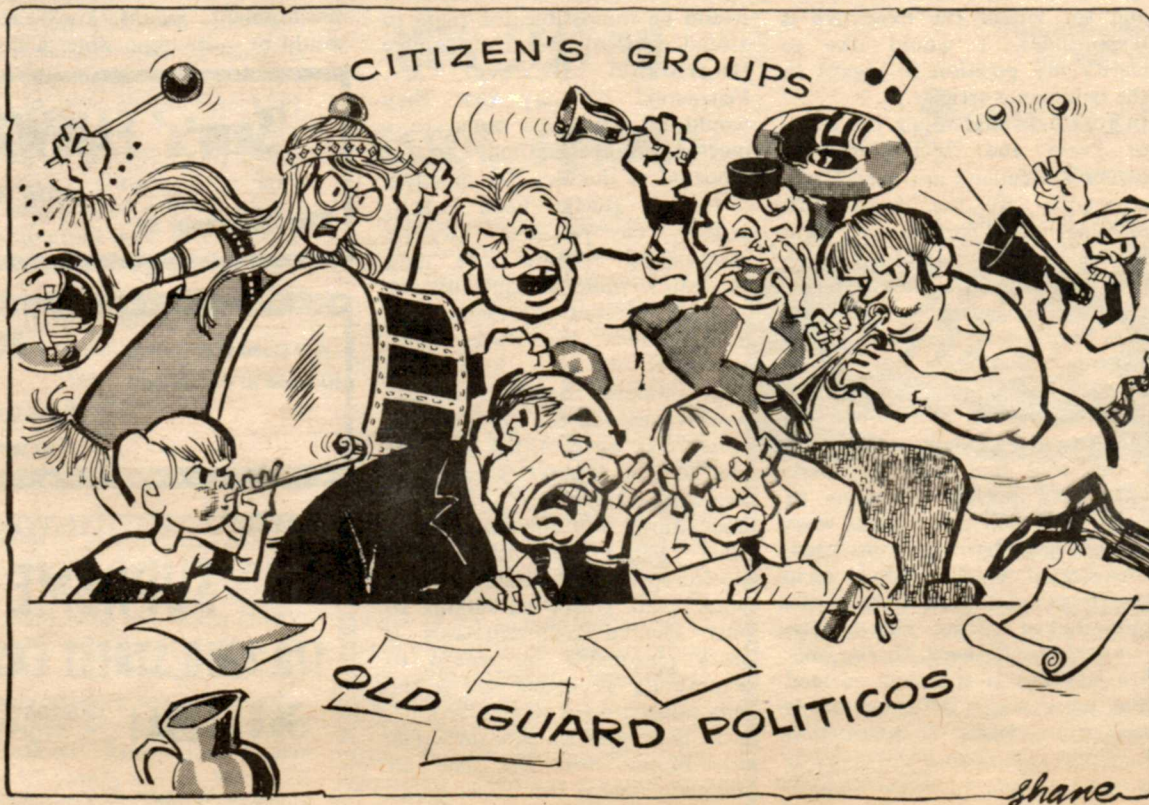

June 29th: 48th Highlanders Military Band. July 6th: 411 Squadron Mobile Command Band. July 13th: Queen's Own Rifles of Canada Band. July 20th: Royal Regiment of Canada Band.

RIVERDALE PARK - Wednesday at 8:30 p.m.

June 30: Sheila Guthrie Show, guest Chick Roberts. July 7: Kenny Hepburn Group, guest Tom Kelly. July 14: Chef Adams and the Adams Boys, guest Alice Petrie. July 21: The Travellers.

WITHROW PARK - Tuesday at 8:30 p.m.

Square Dancing with Bob Scott - June 29, July 6, July 13, July 20.

"Like I say, Harry...we're going to have to do something about this problem of noise pollution"

R.C.O. GETS NEW GRANT

The Federal Government has made an interim grant of \$10,000 to the Riverdale Community Organization.

The Federal Government has decided to research two citizen community groups. The groups chosen as models are R.C.O. and the Borough of York. Because their methods appear to be diametrically opposed they fit the bill perfectly for making a comparison study. The Metro Social Planning Council, being neutral, has been chosen to research the two groups.

Both the Borough of York and the Social Planning Council will receive an initial design grant. The grant being made to the Riverdale Organization is an extension of the \$3,000 they received last December. This particular method of financing is being used because the York group is not at the same stage of development as the R.C.O.

Meridian Propaganda Shot Down

The results of the St. Jamestown West controversy could influence all future housing developments in the city of Toronto. The citizens involved in this struggle are concerned about the bad effects this particular development will have on the existing community. They are equally concerned about the real lack of citizen participation allowed in the planning process.

It is hard for the residents of Ward Seven to believe in the democratic process when the opinions of developers and politicians from other communities can cause changes in this community which the local citizens and their elected representatives do not want.

This article has been prompted by a front page story in the May issue of the "St James" entitled "Meridian Developments - To Build or Not to Build". (The St. James is a monthly tabloid with a reported circulation of 5,000. It is distributed in St. Jamestown and in the high-rise areas to the west.)

Several statements in the article are deceptive, misleading, inaccurate, and in one instance intended to discredit the citizens involved. This feeling was conveyed to the publisher of the "St. James", Mr. E. Rosen, at a meeting in the office of Jim Houston in St. Simon's Church several weeks ago. Mr. Rosen assured the group that it could present its side of the story if (a) they paid \$200 for the same space, and (b) they allowed him to censor anything that was written. He seemed especially sensitive to comments unfavorable to Meridian. The group was naturally interested in finding out if the article in question had also cost \$200 and if so, who might have paid for it. However, Mr.

Rosen refused to answer these questions.

The article states, "According to the guideline of 1.4 acres of district and local parkland per 1,000 population, St. Jamestown, surprisingly, is only lacking 5 acres of parkland. In fact, now that the 2 acre development on the west side of Allan Gardens is virtually complete, there is only a deficiency of 3 acres." (This information evidently came from an interview with Mr. Walter Manthorpe, Vice-President of Meridian Developments.)

Mr. Manthorpe seems to be suggesting that the so-called landscaped open space between the 15 apartment buildings in St. Jamestown qualifies as parkland. However, the Bureau of Municipal Research in its March 1971 issue of COMMENT states, "...if the policies of the official plan were being followed, there would already be some 16.8 to 21.0 acres of local parkland within ¼-mile walking distance of the present 12,000 to 15,000 people and there would be an additional 2.8 acres for the new development raising the total to some 19.6 to 23.8 acres. There are none at present".

With reference to visits to City Hall, the article says: "But at the meetings in City Hall there were fewer representatives from the actual residents than one would expect. Many of the people there were students from U of T., York and Waterloo Universities."

The reader might conclude that most support for this group comes from "outside agitators". This is most definitely false. Only members of the St. Jamestown community and the St. Jamestown Community Action Project support the St. Jamestown

West briefs at City Hall. On no occasion has there been any support from students attending those institutions.

It is unfortunate that legitimate and concerned citizen's groups are so often maligned and discredited by those who are not concerned with including members of the community in the planning process.

Lastly, the article examines Meridian's part in St. Jamestown. It states that, "Meridian do not own the existing apartment buildings. They are owned by Howard Investments and merely managed by Meridian."

The implication is that Meridian's only involvement in the area is as a manager. Many readers may be led to believe that there is no connection between Meridian and Howard Investments. In actual fact, Howard Investments is a partnership of Meridian Developments and Belmont Construction. Meridian, therefore, does have a large ownership interest, besides managing the buildings.

The request for more parkland in St. Jamestown is a very reasonable one. It is even more reasonable in light of the park requirements in many other North American cities where the ratio of parkland to population is much higher.

If people are concerned with improving the quality of life for all citizens, they must seriously examine the priorities of downtown re-development.

But above all, the success of the democratic process depends on allowing private citizens and citizen groups to effectively participate in the planning process.

ZOO SITE CONTEST

On May 27th, a general meeting of the Riverdale Zoo Site Committee was called to discuss a proposal of the Toronto Humane Society to relocate their animal shelter to the site of Riverdale Zoo when the zoo moves in 1973.

Alderman John Sewell had written the Society stating that he did not think such a proposal would meet with the approval of the residents of the area. He suggested the Society's Board meet with local residents before making formal application to the City. But prior to the Zoo Committee meeting, the Society decided to look for alternative sites in view of the long waiting period until the Zoo site becomes available.

So the future of the zoo site is again an open question. It was the strong feeling of the meeting, and particularly Alderman Karl Jaffary, that the Zoo Committee should draw up its own proposal to present to City Hall.

The Zoo Committee wants your help. What would you like to see done with the site? Would you like a children's zoo, where children can mingle with small or farm animals? How about a nursery zoo for the care and showing of young zoo animals? Or maybe you would like a botanical garden, an aquarium, a recreation centre, high rise apartments or a domed stadium.

These are just a few of the suggestions that have been made. Perhaps you have ideas about how one or more could be put into practice. Or perhaps you would like to see something quite different happen to the zoo site. Write us and let us know.

The writers of the six best letters will each receive a copy of "The Colour of Canada", a book of colour photographs with text by Hugh McLennan. All entries should be mailed not later than July 12, 1971, to the Riverdale Zoo Site Committee, 397 Carlton Street. Winners will be announced in SEVEN NEWS in August.

MEDI- CENTER MEETING

A public meeting was held at Carroll Hall, Queen E at Logan on June 17th. 85 people were present. Neither the Provl. Minister of Health or his Federal counterpart put in an appearance. A representative from the Provincial Secretary's office was an interested spectator.

The chairman Aaron Auerback recounted details of past meetings to bring the people up-to-date. He then asked the people for details of their dental experiences; The replies ran from exorbitant fees, to emergency work refused, to "lost time from work" complaints.

The probe then switched to Child Health. Brenda Sayers complained of "tranked up" kids. Our articulate friends, Harris Hunter and Tony Barclay made some searching comments that made a lot of sense.

At this point a N.F.B. movie was shown on St. Jacques P.Q. Community Health Clinic. The movie reinforced the necessity for community control. The advantages were very sharply defined.

Representatives from St. Mikes, The Sick Kids, Toronto Western and East General Hospitals gave a few words of encouragement. The people were told the best way to get educated was to get involved.

The chairman Aaron Auerbach came over very low key and did a creditable job. But somehow despite the excellent presentation this was a "no-where" meeting. Possibly a Velda Cyr type would have sparked more life from a very docile crowd.

The only tangible result was an appointment was arranged with the Provincial Secretary's rep to explore the possibility of getting some "seed" money, and this happened after the meeting had closed.

MORE ON DON MOUNT

Dear Editor,

This letter is in reply to a recent article — June 11, 1971, "Don Mount Problems". Since my name appeared and certain statements were attributed to me, a lot of the residents of Don Mount have concluded that I was the writer of the article and certainly the area supervisor has accused me of being responsible.

It was suggested early in May, by a Matthew Vendor, N.D.P. organizer in the area, that I write an article for the Ward 7 paper. At that time I stated I had nothing I could write as elections had not taken place and I had no authority to write or speak for anyone at that time. When elections of the Don Mount Village Ass'n did take place on May 5, 1971, there arose a controversy over whether or not the elections were legal due to a lack of quorum which had been written in the previous constitution. However, a motion was made from the floor and passed by the 18 present that elections continue as pre-arranged, (16 for 1 against and 1 left), by secret ballot. No names were added to or changed from those nominated at the previous meeting (April 28/71), when there were approximately 35 tenants present and took part in the nominations. On the basis of not having ratified a constitution at that time (which is not uncommon) any number could have constituted a quorum by approval from the floor, even though a larger group would have been desired. The next day, May 6, 1971, I advised the area supervisor by phone that elections had taken place the previous night, at which time he informed me that he had been told no elections had been held due to the lack of quorum. The secretary immediately notified O.H.C., through the area supervisor in writing, of the elections and the names of officers. It has since been suggested to me by the community relations officer that

because of the alleged controversy it might be more advisable to hold new elections. Since I feel a keen responsibility to the residents of Don Mount, elections have been called for June 21/71, to be held by the President of O.H.T.A., Mr. Mike Carson, with an O.H.C. observer present.

However, for the benefit of the residents of Don Mount (to whom and for whom the executive is responsible), I would like to clarify my position in regard to the newspaper article. In regard to my calling the Dept. of Parks and Recreation, the earlier statements are completely erroneous. At the April 28th meeting the parents of Don Mount were quite concerned with the carousel in the Thompson St. Parkette being pushed too fast by the bigger children and small children were being hurt. Their request was to have the carousel removed. It was in reference to this item that I phoned the Dept. I was told that these carousels were very popular in many of their parks and other parks were requesting to have them installed. However, if we did wish to have the item removed it must be requested in writing. This was the report brought back to the May 5th meeting. It was then decided that since some other problems concerning Parks & Recreation were of significance, perhaps it would be more advisable to have the Dept. meet with the tenants on May 17, 1971, to discuss the other concerns as well. This letter was sent out the next day but due to the other problems we had to cancel the meeting and the Dept. were so notified.

In regard to my asking O.H.C. to a meeting, this was not so. On April 28th, many tenants voiced concerns about the performance of Community Guardian Security Forces and it was decided we should invite them to the next meeting to discuss these problems. These complaints were not made by me nor did I discuss them with anyone but Mr. Fitzgerald, Ass'n

Supervisor for Community Guardians, asking him to attend a meeting May 5, 1971. Mr. Fitzgerald was quite agreeable but had to clear it with the area supervisor of Don Mount. The next morning Mr. Fitzgerald telephoned to say that he had discussed this with Mr. Gilday and since the May 5th meeting was an election meeting, they both felt it would be impossible for them to attend on that date, (Community Guardians). However, Mr. Fitzgerald did say that they would be happy to come to a meeting at another time. This was reported at the May 5th meeting.

It has always been O.H.C. policy to request anyone representing tenants that they must do so under the authority of properly elected representatives. No numbers have ever been quoted to me as to how many they thought should constitute such representation. Since O.H.C. policy has been stated as being one of not interfering with the organization of tenant associations, any number given by them would be classified as interference and I would object. I think their policy of talking to only elected representatives is quite reasonable in regard to community problems and is the only safeguard for all involved.

It is a well known fact that Don Mount does not have an adequate indoor recreation room; I would not try to fool anyone by saying that the three towers now available for recreation are adequate if they were to be used on a full scale but to date two of the three rooms have never been

used to any great extent to prove anything.

The area supervisor has repeatedly said supplies and equipment would be provided by O.H.C. for use in the now available spaces, but the tenants must request same.

The other problems mentioned in the article are new to me unless they are in reference to things that happened approximately a year ago which, to my knowledge, have been corrected.

As for closing off Thompson St., for a play area, anyone living in the south section of the development would know this would be quite impossible. A slow

sign or speed limit would be advisable in view of the fact children must cross Thompson St. to enter the new parkette and the other park which is supposedly being prepared west of the existing parkette.

I hope these remarks will make it quite clear to the residents of Don Mount that I had no connection with the previous article. Although I cannot obtain the name of who is responsible, I feel from the remarks that it was the product of an outsider, perhaps with good intentions, but I hope Don Mount will only be used politically in an accurate manner.

KIDS TAKE TRIP TO FANTASY ISLAND

Nora O'Sullivan and Dorcia Minott, 50th Pack and Company at the entrance to Fantasy Island Park.

At 9 o'clock on Saturday, June 12th, 100 Brownies and Guides from the 50th and 80th Packs and Companies clambered onto their respective buses for a trip to Fantasy Island, New York.

The weather was warm and the girls were certainly in high spirits as they laughed and sang their way to the States.

Lunch was hurriedly eaten on arrival and then they were off. I don't think one inch of the ground was left uncovered by the girls and each ride was enjoyed two or three times at least.

It was a very tired and happy group that arrived in Toronto that night, but the look on their faces certainly told the story of the wonderful time that had been had by all.

Ward 7 Sports Round-Up

By Joe Ganny 210 Oak St. Apt. 306 363-6894

Regent Park Ladies Softball League is in full swing as Norms Knock outs banged out a 9 to 6 victory over Regent Old Boys Tigers. Bobby Somers tossed a great game for the winners along with the hitting of Marlene McKenzie and Linda Eagles. Theresa Dusome with 2 home runs played a bang up game at short stop. The Old Boys Tigers was a late entry in this league and though a little weak in places they will be in the running from here in.

Ernies Road Runners led by Karen Moores 2 home runs and a stand up double was all that was needed for a 16 to 5 win over team 4. Ann Anderson, Bev Forgraves and Brenda Reid played outstanding on the field as well as at bat. In a losing cause Delores McGuire, Frenchy Jean, and Sue Binstead of the Tigers never let up and with their new manager Gord Gooderham things are bound to pop wide open at any time.

Joe's Disc Jockeys went down to defeat 28 to 20 to Norms Knockouts but they are in the stages of readjusting their team. Captain Diane Kavanaugh had great praise for all her players as little Carol Dennis banged out a home run, 2 singles, and a double. Ginger Givens again played well in centre field and Debbie Strand banged out 3 singles. It was a high scoring game but all the excitement was there. Ernies Roadrunners and Norms Knockouts played a top notch ball game and the Road Runners were the victors by a 12 to 11 score. Brenda Reid had 14 strikeouts with Ivy Working banging in the winning run.

The team names and standings up to June 15 are as follows:

	Won	Lost	Tied	Total Points
ERNIES ROADRUNNERS	3	0	0	6
NORMS KNOCKOUTS	2	1	0	4
JOES DISC JOCKEYS	0	2	0	0
OLD BOYS TIGERS	0	2	0	0

Special note and congratulations to the men at 700 Ontario St. who are busy with the Cellar Club mixed softball teams. This league has six teams of mixed boys and girls and what a job they are doing in keeping these kids off the street and at the same time having fun. Many thanks to the following sponsors from the kids and executive: Macs Milk, St. James Optical, Davis Cleaners, Dale Bros Drug Store, Wellesley Variety, and Local 43. The big play Monday evening was the long run and catch of Joey Boucher in centre field who doubled the man off first base. The leading batters are as follows: Ron Dunn, Cedric Fletcher, Kevin Marson, and Pam Dunn. All games are on Mon and Thurs nights at Rose Ave. School yard 6.30 p.m. Thanks to Patricia Little for the Sports information.

REGENT PARK MEN'S LEAGUE

E Chapman and G. Levigne hooked up in a real pitchers battle and after 10 innings the score was tied 2-2. Chapman gave up three hits and Levigne, 4 hits. D. McLean had 2 hits for the Avion with Monty Martin getting 2 hits for Dexters.

Chantelle Jewellers came up with 3 runs in the top of the 7th inning to beat Acme Services 3-2. Crosstown Battery beat Regent Old Boys 4-2. Acme outlasted the Avion 9-7 as Al Dominique had 3 hits for the winners. Fred Watson banged out 3 hits for the Avion. Chantelle beat Dexters 5-0 as John Feeney tossed a fine 5 hitter. Gord MacDonald with 3 hits in 4 trips and a 3 run homer locked up the win for Chantelle.

The Avion Sportsmen banged out 15 hits as they beat Crosstown 15-6. D. McLean, F. Johnson, John Metcalf and C. Lawson all had home runs for the winners. The Old Boys beat Dexters 7-2 as Frank Locicero tossed a 4-hitter. Crosstown edged Acme 9-8. Chantelle beat Avion 9-2 with Len McKanick winning his 3rd game of the year without a loss. Acme banged out 19 hits as they beat Old Boys 16-8; Doug Stubs had 4 hits for the winners. Dexter won a fine game 5-4 over Crosstown. In the final game of the week, Regent Old Boys handed Chantelle and Len McKanick their first loss of the year as they came up with 2 runs in the last inning to win 5-4.

LEAGUE STANDING

	P	W	L	T	Pts
Chantelle	5	4	1	0	8
Avion	5	2	2	1	5
Dexters	5	2	2	1	5
Crosstown	5	2	3	0	4
Old Boys	5	2	3	0	4
Acme	5	2	3	0	4

League leading hitter is Al Dominique with .588 home runs; Gord MacDonald with 3. Runs Batted In, Gord MacDonald with 8. Best pitcher is Len McKanick with 3 for 1.

NEW SEATON ASSOC. FORMED

Concern for the quality of life in their neighborhood has resulted in the residents of Seaton Street banding together to form the Seaton Street Residents Association.

The group has been meeting for the past month or more to identify and take action on many of the problems that concern people all over Ward Seven.

So far, the group has been successful in getting more lighting in the laneways in the area. They have also put pressure on the owner of an abandoned house to make repairs on it and are going after other absentee landlord to make repairs.

The homeowners in the area want to see the neighborhood improved as do the tenants who also want repairs made to their houses. For more information on this group, phone Bruce Howe at 366-4885.

WEDNESDAY RAP GROUP

Every Wednesday evening from 7:30 - 9:30 at the Neighbourhood Information Post there is a meeting. In many ways it looks like group therapy, but to call it that would be misleading. There are no rules as to what can, or cannot be discussed. There are no drugs dispensed afterwards. There is no obligation to return if you do not want to. What does happen depends on who shows up. And there has been everything from discussions of sex and epilepsy to poetry readings.

Many of the people who have come so far are ex-patients at the Queen St. Hospital, but this is certainly not a requirement. Anyone with a problem that is bugging them and who wants to discuss it, or would like some advice, or would just like to sound off - is welcome.

Hilda and Mel run the meeting. She's a social worker and he's a psychometrist at St. Michael's Hospital. One or both of them show up each week. But don't worry. They're not 'staff' or 'professionals' - just people. What they bring to the meetings are their ideas, their knowledge and their own hang-ups and concern for people.

If you think you might get something from or give something to such a 'meeting', why not drop by some Wednesday evening?

DID YOU KNOW.

The poor were really created to provide status for the wealthy and jobs for the incompetent who sit in judgement behind a desk at the department of welfare.
