The more you think about sending Gordon Cressy to Queen's Park the more sense it makes.

June 1, 1977

Dear Friends:

This provincial election is very special for one reason:
We can elect someone who knows us, cares about us and will
work hard for us. We can elect Gordon Cressy.

Both of us have known and worked with Gordon for many
years. He is competent, committed, and compassionate. What's
more, you can reach him when you need him. He has worked with
our children as a youth worker, our residents' groups as a
member of the community, and our schools as a trustee.

He can take on the big jobs too. He's been Chairman of
the Toronto Board of Education and president of the National
YMCA.

With many St. David's residents coming from the West Indies,
it is good to know that Gordon has lived, worked and travelled
extensively throughout the Caribbean, particularly in Trinidad
and Jamaica.

In the past, residents in Regent Park and Don Mount Court
haven't turned out in great numbers at the polls. But this
time we have to because we control the balance of power in
this election and -- with all of our votes -- we can elect
Gordon Cressy.

Quite simply, Gordon Cressy is a sensitive and able human
being with a great deal of personal and political integrity.
He is an outstanding candidate and the right person to
represent us.

To give Regent Park and Don Mount Court a voice at Queen's
Park, we urge you to vote for Gordon Cressy on June 9.

Sincerely,

Doug Barr *Sheila Holmes*

On June 9th
Elect
Gordon Cressy
St. David NDP

Margaret Scrivener talks about the major issues facing us today.

Q: What action has the Government taken on unemployment?

A: "Creation of jobs is our most important priority. We've introduced a \$68 million five-point plan to provide jobs and training for about 45,000 young people. As well, there'll be a \$75 million increase in capital spending which should generate about 3400 additional jobs in the construction industry."

Q: What have you done about energy conservation?

A: "This is an area where I, personally, have taken action. As Minister of Government Services I saw that lights were turned off and heat turned down in government buildings. I also investigated the use of solar heating in the design of new public buildings. More recently, as Minister of Revenue, I introduced a bill to remove retail sales tax on energy conservation materials such as thermal insulation."

Q: What's going to happen to rent review after July 31?

A: "Since our original rent review program proved so successful, the legislation with amendments will be extended to December 31, 1978."

Q: People are concerned about quality of education...

A: "I share their concern, and have been working with a committee of teachers on the development of recommendations to the province, outlining how it may best assist local boards of education to improve their teaching programs and school standards."

"This year a new core curriculum is being established in the Secondary Schools, and students will be required to take courses in mathematics, grammar, English and Canadian studies."

Q: What have you done for St. David?

A: "I've stayed in constant touch with the people of St. David. Every day, your calls and letters come to my office; each one receives my personal attention."

"I've supported the people of Regent Park. I fought for the Cabbagetown Boys' Boxing Club. I've gone on record opposing the noise pollution from the C.P.R. Main Line. As well, I've assisted cultural groups, senior citizen homes and community and ratepayers groups. The people of St. David have always been my Number One priority."

"I would like to continue as your representative at Queen's Park and would ask for your support on June 9 election day."
